RICHARD IS KING OF BNI VANCOUVER CHAPTER

The members of the Vancouver Chapter of BNI formally recognised Richard King's contribution. In one month alone Richard had generated £30,700 worth of work for other members.

Jason Hall membership co-ordinator said "This is what BNI is all about. Being a member is like having 30 other salespeople working for you. Members carry your card and when they speak with clients, friends or acquaintances who mention a need that can be met by a member of the chapter they are put in contact with each other, it's so simple but effective"

Richard has been a builder for more than 20 years and runs a successful business that undertakes every conceivable type of building project, no matter how large or small, from extensions, refurbishments and new builds. He prides himself on the quality of his work and working to agreed budgets. For more information see www.rjkingbuilders.co.uk

Steve Welcomme Chapter Director also wished Richard success with a new business venture called High Reach Roof Survey and Gutter Cleaning Service. It provides a safe and economic way of maintaining and surveying your roof from the ground without the expense of scaffolding your property. With the use of modern technology the roof can not only be inspected but basic maintenance such as gutter cleaning can also be done. For more information see
